

Shreyansh Sharma

Full Stack Developer (MERN)

 shreyanshsharma678@gmail.com |  [GitHub](#) |  [LinkedIn](#) |  +91 9650583244 |  [Portfolio](#)

SUMMARY:

MERN Stack Developer with practical project experience designing, building, and deploying full-stack web applications using **React.js, Node.js, Express.js, and MongoDB**. Experienced in developing secure **RESTful APIs, JWT authentication, role-based authorization, CRUD operations, and MVC architecture**. Proficient in building responsive user interfaces with **React, React Router, Context API and modern JavaScript (ES6+)**. Strong foundation in **Data Structures & Algorithms (100+ LeetCode problems solved)** and problem-solving. Built full-stack projects including a **Healthcare Management System** and an **E-commerce Platform with 40+ APIs**, both deployed and live. Seeking an Entry-Level Full Stack Developer role to build scalable and impactful web applications.

SKILLS:

Languages: HTML5, CSS3, JavaScript (ES6+), SQL

Frameworks/Libraries: React.js, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, MySQL

Frontend: React Router, Axios, Context API, Responsive Web Design, DOM Manipulation.

Backend: RESTful APIs, JWT Authentication, CRUD Operations, MVC Architecture, Cookie-Based Authentication, Mongoose

Tools/Platforms: Git, GitHub, VS Code, MongoDB Atlas, Render, Cloudinary, Postman, Netlify, Vercel

Programming Concepts: Data Structures & Algorithms (DSA), Asynchronous JavaScript, Promises, Async/Await, ES6+, Error Handling

Soft Skills: Communication, Problem Solving, Time Management

PROJECTS:

NovaCart | [Live Demo](#) | [GitHub](#)

Tech Stack: MERN Stack, JWT, Cloudinary, MongoDB Atlas, Vercel, Render

- Developed a full-stack e-commerce platform with **2 user roles (Customer & Admin)** featuring secure JWT authentication and role-based authorization.
- Built **30+ RESTful APIs** for authentication, product management, categories, cart, wishlist, orders, user profiles, and admin operations.
- Implemented **product search, category & price filtering, pagination**, Cloudinary image uploads, shopping cart, wishlist, order management, and **admin dashboard**.
- Deployed the application on **Vercel** (frontend), **Render** (backend), and **MongoDB Atlas** with production-ready configuration, secure cookies, and CORS.
- Handled cart and stock validation to prevent **overselling**, and implemented **optimized** MongoDB queries with **indexing** for faster product search and filtering.

Bary Healthcare | [Live Demo](#) | [GitHub](#)

Tech Stack: MERN Stack, JWT, Cloudinary

- Developed a full-stack healthcare management system with **2 user roles (Patient & Doctor)** using the MERN Stack.
- Built **15+ RESTful APIs** for authentication, profile management, doctor management, and appointment booking.
- Implemented **JWT authentication** and **role-based authorization** with protected routes and **CRUD** operations, plus **Cloudinary** image uploads.
- Handled input validation, error handling, and secure route protection to prevent unauthorized access between Patient and Doctor roles.
- Deployed the application using **Vercel, Render, and MongoDB Atlas**.

EDUCATION:

Guru Gobind Singh Indraprastha University

Delhi, India

- Bachelor of Computer Applications (B.C.A)

2022 – 2025

DAV Public School

Delhi, India

- Senior Secondary (XII)
- Secondary(X)

2021-2022

2019-2020

CERTIFICATION:

- Full Stack Web Development With GEN AI Course – Physics Wallah
- JavaScript Certification from freecodecamp

ACHIEVEMENTS

- Solved 100+ Data Structures & Algorithms (DSA) problems on LeetCode.
- Built and deployed 2 full-stack MERN applications using React.js, Node.js, Express.js, and MongoDB.
- Developed 40+ RESTful APIs with JWT authentication, role-based authorization, CRUD operations, and Cloudinary integration.
