SUMMARY:

Passionate Frontend Developer with hands-on experience in building responsive and interactive web applications using **HTML, CSS, JavaScript, React.js**, and modern web development practices. Skilled in creating clean, user-friendly interfaces, reusable components, and optimized website performance. Familiar with **Git, GitHub, REST APIs**, and responsive design principles. Currently expanding expertise in Full Stack Web Development while actively developing real world projects and deploying applications. Seeking a Frontend Developer Internship or Entry-Level role to contribute technical skills, problem-solving abilities, and continuous learning mindset in a professional development environment.
